Company profile: **Pole-Position via the Styrian High Tech Company Pankl Racing Systems AG**

Pankl Racing Systems AG develops, produces and distributes engine systems, drive systems and chassis components for motor racing, high performance cars and aerospace. In these niche markets, Pankl scores with lightweight components made from high-grade and innovative materials designed to withstand extreme mechanical stress.

The main markets for Pankl's products are Europe, the USA and Asia. These markets are served by a global support infrastructure with bases in Austria, the UK, USA, Slovakia and Japan. Customers worldwide rate Pankl and its over 800 employees highly for their enthusiasm to innovate. Pankl offers its customers a comprehensive package of sophisticated customer specific products and services. Pankl is a leading systems supplier in its niche markets through its in-house departments for research & development, engineering design and testing.
